Conservation Legacy is a nationwide non-profit. The organization's programs engage participants on diverse conservation and community service projects. These projects provide opportunities for personal and professional development and meet the high priority needs of public land managers and community partners. Through the mission of fostering conservation service in support of communities and ecosystems, Conservation Legacy works toward a legacy of healthy lands, air and water; thriving people and resilient communities.

## **Position Summary:**

The Information Technology Support Coordinator is a fulltime position that will manage the organization's core IT systems and provide assistance and support to staff on system use. This person will manage user accounts, administration dashboards, security and maintenance of these systems as well as procuring and configuring new equipment. They will also provide virtual or in-person assistance to staff on the use of software and IT systems as needed.

## **Essential Responsibilities and Functions:**

### **IT Support**

- Set up and administratively manage endpoint protection across organization and make electronic security a priority
- Provide Office 365 and SharePoint expertise and support, look for ways to make it work more effectively for staff needs, including Microsoft Teams
- Assist with mobile technologies through smart phones as appropriate
- Look for and anticipate technology-based solutions for needs
- Create protocol for ensuring users update computer software and protection
- Help all staff with software questions and issues (Office suite and others). Assist staff with hardware issues as able (may need local provider)
- Develop trainings and tips sheets for software and data system use. Be proactive in building skills amongst staff. Develop regional/program based super-users as basis for support and training

### **Procurement and Account Management**

- Create and manage system for computer and equipment procurement. Assist with new computer configuration

- Manage cell phone accounts and ordering for the organization
- Administer Office 365 system, keeping up to date on all upgrades and needed maintenance items.
- Create and manage users and groups in Office 365, including appropriate permission profiles in all systems

### **Other Duties**

- Successfully engages, leads and supports an inclusive work environment for those of underrepresented populations within the organization and the communities we serve.
- Leads and/or participates in organizational-wide teams, projects and initiatives that support the work of the Strategic Plans goals.

### **Physical Requirements:**

Periodic overnight travel and non-traditional work hours, inclusive of weekend and evening hours. To successfully perform essential functions this position is required to sit, stand, walk, speak and hear. This position *may* be required to climb, balance, stoop, kneel, crouch or crawl on an infrequent basis. They must be able to operate office equipment, telephone, and computer. The ability to drive an organizational vehicle is also required. **Reasonable accommodations may be made for qualified individuals with disabilities to perform the essential functions.**

### **Minimum Qualifications:**

- Exhibits the ability to effectively work on diverse teams or with a variety of populations, including those underrepresented at our organization and those of BIPOC communities.
- Experience with Office 365 and SharePoint (or other cloud-based usersystems), preferably at the admin and enterprise level
- Very knowledgeable with Office suite software
- Experience with various user-based technology systems such as mobile devices and SaaS systems
- Skilled at extracting data from systems across multiple dimensions
- Experience with developing and delivering trainings, especially remotely or through webinar
- Proven record at anticipating technology/information system needs and developing effective, easy to use solutions.
- Experience with influencing diverse groups of employees to achieve common goals.
- Flexibility, adaptability and capacity to work in a fluid, changing work environment.
- The ability to carry out assigned work independently or with minimal supervision.
- The ability to communicate effectively, manage complexity cultivate innovation, drive and influence results of oneself and others.
- Ability to work well with others and to seek assistance when needed to carry out assignments.
- Familiarity with Microsoft Office programs and applications, or similar platforms.
- Ability to keep others, in remote locations, accountable to expectations.
- Must be able to pass the organization's criminal history background check requirements.
- Experience leading Conservation Legacy programs, members or administrative systems.

**Preferred Qualifications:**

- Training in technology support and/or 2 years of related experience.
- Other preferences or technical skills.
